\$50 CPRS Student Members

Survey the Scene- the Aquatics scene! The 2023 Aquatics Intensive focuses on conducting a primary survey within Aquatics.

Communication, Preparation, and Reality (CPR) are primary areas of focus and have become our lifelines as Aquatics Professionals. Join us as we dive into these professional lifesaving CPR elements of the aquatics scene; their daily impact on individual and work team successes, and the need to continuously assess and improve each area to be effective on and off the deck. Take a breath and decompress as this Intensive promises to be both informative and fun!
