

Park & Recreations Response to COVID

It's been quite the year... and now it's time to CELEBRATE all the amazing things you and your agency have accomplished!

CPRS is putting together videos highlighting the work you've done this past year to keep your communities healthy, active, and thriving. But we need YOUR help!

Please send along your stories, photos, and videos to help us create one great message of how California park & recreation agencies responded to COVID. We'll launch these videos at CONNECITONS Virtual in March, and yes, you'll have access the videos to share with your decision makers and community at large.
